

Minecraft

This is a scientific story about the Six Minecraft Monsters in the future.

Elson, the scientist, invented an Emerald with universal power injection. Elson equipped the Emerald on his body to upscale himself as the Wither Skeleton. After wards, he built Zombie, Skeleton, Spider, Enderman and Slime. Six of them formed a team, named the Six Minecraft Monsters.

One night, Redstone Enderman awfully attacked the village by enchanted fire arrows and houses caught fire. All of the villagers were screaming and trying to escape from the danger. At this critical moment, Six Minecraft Monsters came to the rescue. As a leader, Wither Skeleton stood out to fight against the evil.

After fierce fights, Redstone Enderman's power dropped and started being out of breath. Then, Wither Skeleton punched firmly on Redstone Enderman's chest as a crucial hit to end the battle.

Even Redstone

Enderman fell down and become pixel dust. The Six Minecraft Monsters realized that pixel dust can form another evil ever. Nevertheless, the Six Minecraft Monsters Were alert for any future crisis and definitely safeguard the planet.
