

## A Thank-you Message

Dear Miss Park,

I am about to graduate. I am thankful for your teaching these two years. I will never forget.

You are a wonderful teacher. You are as hard-working as a bee. We submit our homework in the morning, you can finish correcting them on the same day. I admire you so much.

You always make time to show up in our classroom. You come to teach classmates to do their re-corrections. You even give up your rest time. I know everything you do is for making us better. I thank you from the bottom of my heart.

I will try to do my best at the secondary school to repay you. I wish you a happy life.

Love,

Kiuwi
