

A letter to Miss Au 5A Kate Leung Tsz Ki (13)

24th September 2021

Dear Miss Au,

How are you? I am going to tell you how I spent my summer holiday and the new school year resolutions.

I did many things in the summer holiday so I will choose some parts to tell you. I went to Disneyland with my parents, my cousins, my aunt and my uncle. I also went camping with my friends and my family. I learned how to play basketball... After ten lessons, I like playing basketball very much. I learned how to play Weiqi too. I did all the tasks in my 'Do Did Done' homework. I felt very happy.

However, during the summer holiday, I ate a lot of junk food, for example, candies, chocolate and French fries but I didn't get fat! I watched TV for an hour a day but I only practised the piano for fifteen minutes a day. My mum was very angry about it. For my new school year resolutions, I am going to do more Chinese exercise so that my Chinese examination result will be better. I am going to speak more English too. I hope I will speak English clearly. Also, I am going to practise the piano more regularly than I will pass the Grade 6 piano examination before Secondary One.

I hope I will achieve my resolutions this school year although it is hard to do so. I was busy but still happy in this summer holiday. What did you do in this summer holiday, Miss Au? Please write back soon.

Best wishes,
Kate

Dinosaur Dig

Suddenly Sonia and the boy heard a noise behind them. The ground began to shake. They heard a loud roar. Sonia saw a big fat Triceratops behind them, charging towards them. Sonia and the boy screamed in fear. Surprisingly, the Triceratops was just looking for plants to eat and wasn't trying to eat Sonia and the boy. The Triceratops wanted to become friends with them. Sonia thought it was very cute so she had an idea to build beautiful park to let the other players know more about the dinosaurs in the game.

Once the dino knew about this, he called his dinosaur friends to help them delivered the bones that the other players dug up. After having an agreement with the other players, they decided to help them along to build "Jurassic World".

Three years later, this park became a world famous dino park. A few years after the opening, Sonia, the boy and all the dinos became celebrities and they helped the earth by building a recycling company disguised as a chrity to help stop global warming. Finally, Sonia and

the boy saved the earth and they loved happily ever after.

Dinosaur Dig

Suddenly Sonia and the boy heard a noise behind them. The ground began to shake. They heard a loud roar. 'Roar!' A T-Rex appeared, it looked very fierce. Sonia screamed, 'Ah!' She tried to run away.

Unfortunately, she hurt her legs. She crawled back. She was as scared as an ant on a hot pot. 'Don't worry! Let me help you,' said the boy. He threw a rock to the dinosaur. The dinosaur was extremely angry. It ran towards the boy. 'Now run!' shouted the boy.

Sonia ran into a forest. It was very creepy. More dinosaurs came. She ran and ran. And she ran to a cliff. If she jumped then she might die but the dinosaurs were coming.

Suddenly, a weird guy appeared. 'Help me!' shouted Sonia. 'Magic word?' asked the weird guy. The dinosaurs were almost there! 'Help me, please!' she shouted. The weird guy snapped his fingers. 'Flash!'

She came back to her room. 'May be I should play other games instead.'

Composition 2 – A Bad Day by Chelsey Au Yeung Yan

Last Monday, Betty took a mobile phone to school. ‘Hey! Look what I bought!’ shouted Betty. ‘Wow! It’s a new mobile phone!’ her classmate said. All of the classmates came to see.

‘What are you guys doing? Please go back to your seat!’ shouted Miss Lee. Amy was Betty’s friend and she just borrowed her mobile phone.

‘Amy, what are you holding? You should not bring a mobile phone to school! I will call your mum to bring it back!’ shouted Miss Lee. Amy was very worried so she didn’t tell Miss Lee that the mobile phone was Betty’s.

‘Oh, no! Where’s my mobile phone?’ asked Betty. Her friends helped her to find her mobile phone and told Miss Lee. Few moments later, Betty found her phone in Miss Lee’s bag! ‘Oh! My phone!’ shouted Betty. ‘But I found it in Amy’s bag,’ answered Miss Lee. Betty suddenly remembered that Amy borrowed her mobile phone.

Miss Lee gave the mobile phone back to Betty and told her not to bring it to school again.
